

ISC MONTHLY

August 2021

The 2021 hurricane season is proving to be an active one and our team is keeping a close eye on the forecast. Our nation is facing unprecedented challenges and our team at ISC is hard at work, ensuring we're prepared to help our clients in their response to hurricane season, wildfires, the COVID-19 pandemic, and more.

- Teton County, ID Hazard Mitigation Plan
- Bay School District -Florida

TEAM ISC RESPONDS TO IDA

After Hurricane Ida, the ISC team is working with our clients from Louisiana to New York City to help them grapple with their growing list of resources needed to support their recovery operations. We anticipate having a better understanding of our clients' needs in the coming week or two as they transition from response operations to disaster recovery efforts.

We value our partnerships with our clients and are honored to provide technical support when its needed most.

Damage left by Hurricane Ida in Louisiana

UNMANNED AERIAL SYSTEMS DATA GATHERING & ANALYSIS

Industry Best UAS Technology & Software Solutions

The true power of the UAS is the hardware and software that support it to obtain and analyze data. UAS technology is evolving rapidly, making drones more versatile and better equipped to meet a diversity of needs. The advancement of software applications has allowed for innovative techniques to process and present the data. The marriage of UAS hardware and software allows ISC to provide our clients with powerful information and analytics to present the evidence and help officials make critical decisions.

MASS EVACUATION & SHELTER IN PLACE

Evacuation Planning—Critical Tool for Communities

Evacuation orders are a common instrument for Emergency Managers to move individuals away from impending hazard threats. An evacuation order is no easy task. Planning, training, and exercising the processes and procedures of a mass evacuation is critically important.

Hurricane Ida Updates from FEMA

FEMA Accepting Requests for Exercise Support

Why Hurricane Ida Caught America Off Guard

National Preparedness Month

MARK YOUR CALENDARS: OCTOBER 23, 2021

October 23, 2021 is “Make a Difference Day.” At ISC this year, we are encouraging our team members to get involved in the communities we live and work in and see where we can make a difference. We would love to see team members join forces and seek out volunteer opportunities.

You can check local organizations to find out how you can offer your assistance, such as the Red Cross, Salvation Army, local churches, Office of Emergency Services, Habitat for Humanity, Evacuation Shelters, Food Banks, Homeless Shelters, etc.

Availability Updates:

As we deploy teams and prepare teams for upcoming projects, we will continue to ask team members to keep us updated on your availability status. You can email Dina Burrell (Dina.Burrell@i-s-consulting.com) and Lea Miller (Lea.Miller@i-s-consulting.com) to keep your availability status current.

WE WANT TO HEAR FROM YOU!

We are always on the lookout for information and photos to share on ISC’s social media channels. Whether it’s work you’re doing in the field, photos of you at work, at home, or in your favorite coffee shop, sharing ISC/industry news, or fun posts, we would love for members of team ISC to start sending ideas, pictures, and information our way! Please send your ideas/pictures to Kristina Brune in our marketing department:
